DECKSPACERS

Key Features & Benefits

- Will save the professionals hours of time and cost during installation.
- Ensures straight boards and dead even gaps that ensures a trade quality result.
- Only system that stops dirt and water building up in the gap between the deck boards. Protecting the joist from rotting and preserving your investment.

INTRODUCTION OF THE NEW RANGE

QUIKLII DECKSPACERS INITIAL ORDERING QUANTITIES

Initial orders for the QuiklII Deckspacers are to be placed by the field as follows :
This product will come in **OUTER** box quantities of 8.

We are wanting to get as many side stacks as possible in stores.

So could we have the discussion with the stores to have these set up ASAP?

STORE SIZE	SIDESTACK	SHELF	TOTAL
LFS	32	8	40
MFS	32	8	40
SFS	0	8	

Note Sidestacks are only to be ordered for LFS/MFS

RANKING: National

ALLOCATION: None

INTRODUCTION OF THE NEW RANGE

Ranging-in the new products & Their BLG Locations

- Once the new lines have been ordered please follow up on your next visit to the stores to ensure that they are ranged into the bays as per BLG which has been attached.
- Once the QUIKLII DECKSPACERS have been relayed to the new BLG, ensure to print and replace new shelf tickets for any label that you have moved.
- As always these new products are to be ranged to meet Holman's high merchandising presentation standards.
- **Box labels will be available from your Area Managers.**

Please Note product **will not** be in Shelf ready boxes as shown in Pic and will need to be Merchandised by your Team in Boxes as shown. Please ensure that 4 packs of Deckspacers are in each box. You will need to flatten out the product to do so.
